*Robert N. Karpp is now a
Dryvit Outsulation partner!*

Interested in Building a Faster Brick Wall?

See How Simple and Quick it is with NewBrick by Dryvit!

Patent pending NewBrick makes it simple to install brick walls. Integral alignment guides ensure straighter lines and faster installation.

NewBrick eliminates all steel support and relief angles while reducing the weight of the wall.

NewBrick by Dryvit is a lightweight, insulated brick that installs like clay brick but without the need for structural elements, increasing productivity and reducing labor costs while boosting energy efficiency.

[Review the NewBrick product brochure](#) to learn more about NewBrick options and advantages.

[Watch this video demo](#) to see just how fast and easy NewBrick installation is!

You can get a hands-on look at NewBrick by Dryvit at your local Robert N. Karpp yard. We carry the full line of Dryvit materials, tools, and accessories.

As always, we appreciate your business!
